

Q Now, you say that you would have preferred Mrs. Hall to marry a man in business. Do you mean that you personally have not had much to do with church matters and that you just unconsciously preferred a man who was not a minister?

A Yes; I had not had much to do with church matters, very very little and I was not interested in them; but even so if Mr. Hall had been a more elderly man or a few years older anyway, and I had known a little bit more about him, I think that I would have been very, very much pleased.

Q Now, just one more question along that line; was there anything specific about Mr. Hall's past that you knew, was there anything that came into your mind as being one reason why you did not particularly want your sister to marry him?

A Absolutely nothing; I knew absolutely nothing of Mr. Hall's past.

Q Allright. Now, you went into New York on Sunday night or Sunday afternoon and stayed with Mrs. Stevens over Sunday evening, didn't you?

A Over Sunday evening, yes.
